Using Kid Pix Studio Deluxe

Vol. 203 Issue 1

**Kid Pix Studio Deluxe** offers users painting, drawing, presentation, and animation components as part of a comprehensive multimedia art program for Pre-K through 5th grade students (really a program for people of all ages). The first screen you see is the Picker screen decorated with six different icons that lead to the various components of the program. Kid Pix (the top middle icon), is the basic painting component that you will want to explore and learn first. This guide will give you a step-by-step practical approach to this amazing and fun painting and drawing program.

## Open Kid Pix

1. Double-click on the Kid Pix Studio Deluxe icon to open the program.
2. To paint and draw, click on the Kid Pix icon to start a new page.
3. Wait a few seconds for the program to load. The other programs will be covered in other guides.
